

# Sean Riley & The Slowriders - This Woman

Tom: **D**

m

This woman is crazy **Dm** **G**

Comes around now and then **C**

And shouts some words at me **Am**

**Dm** **G**

I can't remember where we met

Up north near the border **C**

Or down south by the sea **Am**

**Dm** **G**

She's wrong most of the times

But it's times when she's right **C**

She really gets to me **Am**

[Refrão]

So I pray **C** **G**

Not to see her again **Am**

Everytime she comes around **F**

But I know it's not gonna be easy **G** **C** **G**

(Not to see her again) **Am**

(Everytime she comes around) **F** **G**

**F** **G**

I don't know where she is

**F** **G**

I don't know where she is now

**F** **G**

She always finds a way to find me

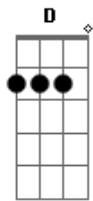

**F**

I can't run away, there's no way out

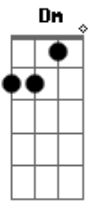

**G**

No way I'm gonna stay, another day
