

Secondhand Serenade - You and I

Tom: **E**
Intro: **E**
E - B - Gbm - A - B

[Verse]

E
I'm feeling distracted
Dbm
And likewise attracted
To all the things that you let me know
B
To all the things that you can't let go

E
You're waiting for friction
The empty addiction
Dbm
Is forcing me to intervene
B
Let's break out of this scene

[Chorus]

E **B**
I know I'm not alone
Gbm **A B**
I'm not the only one who is broken
E **B**
And I know I'll never let you go
Dbm **B**
I could watch the world pass by
A **Dbm**
Just as long as it's you and I
B **E**
You and I

[Verse]

E
I watch you take over
Dbm
I'll give you this offer
Take my hand and we will run away
B
Leave behind our past to stay
E
Decaying till it's rotten
We'll have long forgotten
Dbm
The memories that will haunt your heart
B
Let's tear this town apart

[Chorus]

E **B**
I know I'm not alone
Gbm **A B**
I'm not the only one who is broken
E **B**
And I know I'll never let you go
Dbm **B**
I could watch the world pass by
A **Dbm**
Just as long as it's you and I
B **Dbm**
You and I

[Bridge]

Dbm **B**
We watched the world go by
A
(But if it's you and I)
B
Then we will never die
Dbm
(No we can never die)
B
We watch the world go by
A
But if it's you and I
B
Then we will never die
