Bass intro...

Who's to know if your soul will fade at all?
The one you sold to fool the world
You lost your self-esteem along the way...

Good god, you're comin' up with reasons
Good god, you're draggin' it out
and Good god, it's the changing of the seasons
I feel so raped, so follow me dooooooown!

and just!
Fake it if your out of direction
Fake it if you don't belong, yeah
Fake it if you feel like infection
Whoa ooh, you're such a fuckin' hypocrite

You should know that the lies won't hide your flaws
No sense in hiding all of yours
You gave up on your dreams along the way, yeheah

Good god, you're comin up with reasons
Good god, you're dragging it out
and Good god, it's the changing of the seasons
I feel so raped, so follow me down and just

Fake it if you're out of direction
Fake it if you don't belong, yeah
Fake it if you feel like infection
whoa oohh, you're such a fuckin hypocrite

whoa oohh, ooh ooh a ooh oh...

I can fake with the best of anyone
I can fake with the best of them all
I can fake it with the best of anyone
I can fake it all

Who's to know if your soul will fade at all
The one you sold to fool the world
You lose your self-esteem along the way

Good god, you're comin up with reasons
Good god, you're dragging it out
and Good god, it's the changing of the seasons
I feel so raped, so follow me down and just
