Tuning: drop d
Intro: /verses-clean on this part

Play that twice; while that is playing the second time, pat plays this (twice)

Pre-chorus thing(clean): "I'm out of reason to believe in me..."

Twice through on the prechorus and then this chorus with distortion:

Last little solo thing...this is played for the last minute or so of the song

A quick note: while that last solo is playing at the end, the rhythm behind it is:

```
6 4 2
6 4 2
6 4 2
```

Another quick note: the indicates a "ghost note" you can hear it being played, but is very quick..just listen to their cd..it's a good one, anyway!
