Selah Sue - Fear Nothing

Tom: C

```
       F
The things I know
               Am
The things I know
                    C                               G
Never have the same glow passing through your rainbow

Ooh oh oh
F              Am
The things I feel
                  C
Never have the same hold
                    G
'Till I've finally found you.
F
Now you make me feel like choosing love against one
Am
Love against doubt
Love against doubt
C       G
Ooohhh oooh

                       F                Am
'Cause I want to fade out with you
               C
I would fear nothing
                  G
I would fear nothing

F              Am
The things I hear
                  C
Never have the same sound
                    G
'Till I've finally found you.
F
