and I'm trying, I'm trying, I'm trying, I'm trying, but I
                                                                want to?

My doctor say you're no good,
                                                                Can't keep my hands to myself, give me your all and nothing
but people say what they wanna say.

And you should know if I could,
                                                                Can't keep my hands to myself.
