

Selena Gomez - Off The Chain

Tom: G

Twisted, you've shaken my existence

When I'm with you, baby

Bliss is all I've come to know

Running, I didn't see it coming

Blinded, it's so stunning

I don't wanna let you go

Refrão:

A thousand church bells ringing

I can hear the angels singing

When you call my name

Your love is off the chain

The chemistry is crazy

And you make me feel amazing

And I can't explain

Your love is off the chain

Your love, Your love, Your love

Your love, Your love, Your love

Coming

Just keep the magic coming

You got me baby

Crushing

But it feels like so much more

Just when

When I least expect it

You make it feel so epic

Like nothing I felt before

A thousand church bells ringing

I can hear the angels singing

When you call my name

Your love is off the chain

The chemistry is crazy

And you make me feel amazing

And I can't explain

Your love is off the chain

Your love, Your love, Your love

Your love, Your love, Your love

I'm not the type who gets crazy for someone

All of me, tripping on like next to nothing

Guarding my heart like a diamond ring

But love, your love changes everything

Everything has changed

Everything has changed

Everything has changed

Your love is off the chain

Everything has changed

Everything has changed

Everything has changed

Your love...

A thousand church bells ringing

I can hear the angels singing

When you call my name

Your love is off the chain

The chemistry is crazy

And you make me feel amazing

And I can't explain

Your love is off the chain

Your love, Your love, Your love

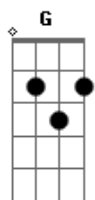

Your love, Your love, Your love

Your love, your love, your love, love

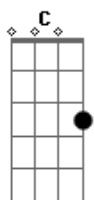

Your love, your love, your love, love

Your love, your love, your love, love
