

Selena Gomez - Rise

Tom: Ab

(com acordes na forma de Capotraste na 1ª casa G)

You can stand beside the madness like a falling piece
 You can hold onto the sadness like a souvenir
 or you can close your eyes and see your life
 Like the air
 You can tap into the strength you never knew you had
 You can breathe into your faith no matter where you're at
 Just close your eyes and change your life
 Like the air
 Like the air you can
 Rise from the rubble with your mind, you can hover
 You can rise like the tide, like the heat it in the summer
 Yes, I know there are those who will wanna bring you down
 But you can rise with your mind and make your higher power proud
 you can rise!
 Like the air you can rise!
 The earth can pull you down with all its gravity
 And the measure of your worth is sometimes hard to see
 So just hold on, when the night is done

Like the sun
 Like the air you can
 Rise from the rubble with your mind, you can hover
 You can rise like the tide, like the heat it in the summer
 Yes, I know there are those who will wanna bring you down
 But you can rise with your mind and make your higher power proud
 you can rise!
 Like the air you can rise!
 So even when your bones feel like weights
 And it's hard to lift the smile on your perfect face
 You can still find a peaceful place
 Close your eyes until you're floating up in outer space
 It'll be alright, they're just jealous of your highs
 So they can knock you down, but
 Like the air you can
 Rise from the rubble with your mind, you can hover
 You can rise like the tide, like the heat it in the summer
 Yes, I know there are those who will wanna bring you down
 But you can rise with your mind and make your higher power proud
 you can rise!
 Like the air you can rise!
