                                                                   \ensuremath{\mathsf{B}}\xspace|\,\textspace\ensuremath{\mathsf{-bring}} them back, now you got me singing.
  Am
Round and round. (2x)
                                                                    Boy, I need you here with me.
You see me standing there, and act like you don't know me.
                                                                            G
                                                                   We can't go on this way.
But last night you were calling me sayin' you want me.
                                                                              G
                                                                    I'm falling hard for you,
Oh, why you always make me feel like I'm the one that's crazy.
                                                                   All I can say.
You feel my heart racing, my-my heart racing.
                                                                    (refrão 2x)
Boy, I need you here with me.
                                                                   Love me or love me not,
         G
                                                                   I'm staring at the clock.
We can't go on this way.
          G
I'm falling hard for you,
                                                                   I pick them flower petals off,
All I can say.
                                                                    and then I watch them drop.
(refrão)
                                                                    Boy, I need you here with me.
Were going round and round, were never gonna stop going.
                                                                             G
                                                                   We can't go on this way.
Round and round, were never get where were going.
                                                                               G
                                                                    I'm falling hard for you,
Round and round, and your gonna miss me,
                                                                   all I can say.
'cause \bar{\text{I}}\,\text{'m} getting dizzy, going round and round.
                                                                    (refrão 2x)
You tried to pull me close, and whisper in my ear.
                                                                   0h, 0h, 0h (3x)
You always told me lies, I cried out all my tears.
                                                                    ( Am F G ) (2x) Am
