

Selena Gomez - Save The Day

Tom: F
Intro: Dm

Dm
Kiss the moon goodbye

But don't close your eyes, your eyes
It's the end of the night

But the beginning of time, for you and I
I cant believe that my body is still moving, I
It makes me feel like we're doing something right.

Baby when the night starts slipping
When the night starts slipping
When the night starts slipping away
Boy you keep my heartbeat skipping
When you touch me even though
The time is ticking away
Just tell me it's not over
And we'll never reach the end
But when the night starts slipping away,

Save the Day
De de de de de de day
De de de de de de day
De de de de de de day
Save the Day
De de de de de de day
De de de de de de day
De de de de de de day
Save the Day

Dm
Yeah we're still wide awake
Got me losing my mind, my mind
No, it's never too late,
Put your lips on mine

In the burning sunlight, I
I cant believe that my body is still moving, I
It makes me feel like we're doing something right.

Baby when the night starts slipping
When the night starts slipping
When the night starts slipping away
Boy you keep my heartbeat skipping
When you touch me even though

The time is ticking away
Just tell me it's not over
And we'll never reach the end
But when the night starts slipping away,
Save the Day
De de de de de de day
De de de de de de day
De de de de de de day
Save the Day
De de de de de de day
De de de de de de day
