Semisonic - California

Tom: Gb

the basic progession is E A D. It repeats throughout
the song with variations in distortion.

On the tab below, a different notation is used.
The top row is the melody,
the bottom is the drone note
which plays along with it on the open string

A string: 9-11 11 9-11 D string: 9

D string: 11 9-11 G string: 9

G string: 11 9

If someone has a better way of notating this

title "alternate California tab notation". Thanks.
