

Sentenced - End Of The Road

Tom: Db

Here we are, now layed burden down
 We're coming to the end of our road
 Sorrowful yet glorious somehow
 To be humming this one last thought
 so calm and still
 It wasn't all that bad or was it?
 Now fulfilled it doesn't only hurt to end it now
 ... The funeral
 (C Bb A- Ab C Bb A- F#- G)

The memories beneath the dust of years
 They seem like those of someone deceased

There's no more to be done or hoped or feared
 Just waiting for the final release
 so calm and thrilled
 It wasn't all that bad or was it?
 Now still it doesn't only hurt end it now
 Is life over?
 This life's over!
 Or has it only just begun?
 The close corner starts to moulder
 Coming apart yet still not done forever on
 ...Aaaaaahh....
 ...Aaaaaahh....
 ...Aaaaaahh....
