Seph Schlueter - Counting My Blessings

```
                          tom:
                    G

            G
It's like it was yesterday
          D              Em
I was a praying for a miracle
                    D
Scared to have a little hope
G
And now looking back today
D              Em
Seeing all the things You've done

I can't even add them up

G
One, two, three
            D
Up to infinite
                  Em
I'd run out of numbers
                          C
Before I could thank You for everything

                        G
God, I'm still counting my blessings
                      D
All that You've done in my life
                          Em
The more that I look in the details
                      C
The more of Your goodness I find
                    G
Father, on this side of Heaven
                        D
I know that I'll run out of time
                            C
But I will keep counting my blessings
   D                          G
Knowing I can't count that high

G                D              Em
And I know that seasons never last forever
                  D        G
So, God, I will remember all of the reasons
      D              Em
My heart has to be grateful
                            C
All the times You have been faithful to me
                    G
```

```
God, I'm still counting my blessings
                                D
All that You've done in my life
                                    Em
The more that I look in the details
                                  C
The more of Your goodness I find
                              G
Father, on this side of Heaven
                                  D
I know that I'll run out of time
                              C
But I will keep counting my blessings
 D                              G
Knowing I can't count that high
                                Em        C
Oh, I can't count that high (high)
   C                    G     D
Oh, oh, oh, oh (high)

Oh, Your goodness, Your goodness

G
One, two, three
            D
Up to infinity
                Em
I'd run out of numbers
                                C
Before I could thank You for everything

                              G
God, I'm still counting my blessings
                                D
All that You've done in my life (oh)
                                    Em
The more that I look in the details (in the details)
                                  C
The more of Your goodness I find (oh)
                              G
Father, on this side of Heaven
                                  D
I know that I'll run out of time (oh)
                                  C
But I will keep counting my blessings
   D                              G
Knowing I can't count that high (high)

                                C
I will keep counting my blessings
   D                          G
Knowing I can't count that high
```
