## ITSÁRI

For a long time, I've been looking for this song or asking people to tab it for me, (I had tried it myself and it didn't work out to good) but no one seemed to know about it or have the time to tab it. So finally, I gave it allup, and decided to try again. So I took alot of time trying to figure it out, and here you have the result. Ofcourse, I can't be sure if this is right, but it is just made to sound OK. and it does that. I whould reccomend playing it along with the cd, to get the feeling for the strumming and all the little pieces witch are played like Andreas hardly touches the strings. I'm also including the solo (which was a shit to tab but sounds OK) The bass riff in the solo is kind of strange, like it's played on two guitars, but I arranged it for one. It's was hard to put the bass notes in it, so if you see anything wrong there, like bass note not on the correct place, please let me know. I could well believe that kind of mistakes. The cords are almost the same as in the strumming part for

JASCO.

I'm not puting the chords in tablature, so just have to find out yourself how to strum it. But let's get to the song..here you are, and good luck!

Dropped "D" tuning  
Drop down 1/2 step

1:**Eb** 4:**Db**  
2:**Bb** 5:**Ab**  
3:**Gb** 6:**Db**

Bass riff in the start

Eb-----|

Gb-----|  
Db-----0-|  
Ab-----|

Repeat and strum **D** chord a little in the start

Chords in the two cord part: xx0232, xx454

Chords in the four chord part: xx0232, xx0134, xx0457, xx0578

sóló:

Then it's just the same chords used through the song, but where the time is about 3:33 this chord progress comes: xx232 xx134

Just check it out.

The rest should be easy to puzzle together with what you have.

Enjoy
