

# Sérgio Mendes - Pretty World

tom:  
Gm

Intro: G

Why don't we take a little piece of summer sky  
Hang it on a tree  
For that's the way to start to make a pretty world  
For you and for me  
And for the sun we'll take a lemon bright balloon  
You can hold the string  
Oh, can't you see that little world of ours will be  
The prettiest thing  
We can gather rain enough for the stream  
To hold our happy faces

When we want a breeze, I'll blow you a kiss or two  
Take me in your arms and our little world  
Will be the place of places  
Nothing left to make but breakfast and love  
We'll hang a little sign that just says, "Paradise"  
Population, two  
For that's the way to start to make a pretty world  
For me and for you  
For you  
It's what I wanted to do, to do  
To make a world for you  
[Final]
