

Sérgio Mendes - Pretty World

tom:
Intro: **G**

Why don't we take a little piece of summer sky
Hang it on a tree
For that's the way to start to make a pretty world
For you and for me

And for the sun we'll take a lemon bright balloon
You can hold the string
Oh, can't you see that little world of ours will be
The prettiest thing

We can gather rain enough for the stream
To hold our happy faces

When we want a breeze, I'll blow you a kiss or two
Take me in your arms and our little world
Will be the place of places
Nothing left to make but breakfast and love

We'll hang a little sign that just says, "Paradise"
Population, two
For that's the way to start to make a pretty world
For me and for you
For you
It's what I wanted to do, to do
To make a world for you
