

Serj Tankian - Forget Me Knot

Tom: **A**

(com acordes na forma de)

Afinação: **D G C F A D**

Parte 1:

You speak to millions, but talk to no one
Home is the place you can't walk away from

You seek opinions but listen to no one
You throw up your hands and tell me that it's all done

Parte 2:

I want you, I need you
I pray that God absolves you
Can't live this life without you
I've cleared the coffin for two

Parte 3:

Come, today is another day
Come, your hairs are no longer grey
Come, we're clearing the runway
There's no turning back from the path for the chosen ones

(Usar Palm Mute em toda a extensão.)

Refrão:

We intend to rise through motion, speak through silence
And fight 'til the ocean
No more glimmering hopes or commotions
Our dedications to each other in devotion

We intend to speak through peace
Cross the ocean and wake up in the east
Make Jerusalem home for all creeds
Unsheathe your swords and tame the ego's beast
