We don't need your democracy  
Execute them, kindly for me  
Take the minor, filthy nostrils  
Put them up in doggy hostels

We don't need your hypocrisy  
Execute real democracy

The unthinking majority

Controlling tools of your system  
Making life more tolerable  
Making life more tolerable

Controlling tools of your system  
Making life more tolerable  
Making life more tolerable

( **B** **A** **G** **A** **B** **A** )

We don't need your hypocrisy
