Seth Parks - Take My Life

Tom: D

```
            D   D        D     G
Take my life Take it all
           Em
There is nothing worth
     D              G
me clinging to but you
            D   D           D  G
Search my heart      Search my hands
          Em
Wash me from the stains
      D             G
```

```
'Til what remains is true
            Bm  A              D  G
I lift my head    You lift my soul
           Em
Shining as the sun
             D            G
You're the kindest one I know
            Bm   A            D   G
So hear my voice   I make my vow
          Em
To hold nothing in
             D            G
my heart but all you've sown
```
