

# Seven Angels - Noboby Wants To Live Alone

Tom: C

Falling from my face  
 Reflecting my biggest mistake  
 I can't live without you

Covering my eyes  
 Making me blind, night after night  
 I can't live without you

I'll have a chance if the sun shines again  
 But rain's falling on me  
 I'll have a chance If I look at me  
 I know You see me

If I could fly to the sky  
 Look through Your eyes  
 If I could live inside You  
 Nobody wants to live alone
