

Shakira - Costume Makes The Clown

Tom: **D**

Bm
Told you I felt lucky with my humble breasts

Well I don't

Said that I was sure the world was gonna change

Well I'm not

Before I didn't give a damn 'bout what they say

But I do

Promised that I'll never ever lie to you

PRE-CHORUS:

So you can help

Taking the make-up off my face

Before I forget my own features

CHORUS:

I'm not here to let you down

But the costume makes the clown

It's just lashing out on me

Don't be so hard

Don't be so hard on this

It's your turn now
To cheat on me

Promises I made to you went down the sink

Really hope I haven't harmed your self esteem

I'm not a virgin but I'm not the whore you think

And I don't always smell like strawberries and cream

PRE-CHORUS:

So you can help

Taking the make-up off my face

Before I forget who I am now

CHORUS:

'Cause I'm not here to let you down

But the costume makes the clown

It's just lashing out on me

Don't be so hard

Don't be so hard on this

It's your turn now

Your turn now...

I'm not here to let you down

But the costume makes the clown

It's just lashing out on me

Don't be so hard

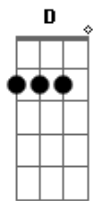

Don't be so hard on this

It's your turn now

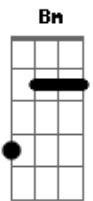

Your turn now...

To cheat on me.
