

Shakira - Te Dejo Madrid Intro

Tom: **E**

begining riff again then this again

at the begining and in between verses so here it is. Starts out like this where the or is

and then this before the harmonica

you can play either one of those chords they sound the same

then this over the harmonica part as many times as needed

you play the above riff untill she stats singing the verse and there is no guitar there

when

it comes back in it plays this

then this at the end play this 6 times at the end and fade a lil bit on the last three times

keep makin it softer each time till can barely be heard if you have a volume pedal use

if

not try picking softer.

after that is the chorus with no guitar then u play the

Acordes
