I woke today

Inside the train of dreams

The rain poured down in black and white

The rest of what remains

My own world crumbling around

The falling rain

Carassed my skin again

Just let it flow to wash away

Gm

The time gone by

Gm

Feeling long denied

Gm

My heart is no more bound in vain

Ab

And now it's clear

Cm

One day leads on to another

I dried my tears

There's so much else to discover somewhere

I hear the sound

Of thousand voices

I lost my innocence

I'm on my way

I crossed the desert

To rescue what I sent
