Shania Twain - It Only Hurts When I'm Breathing

Tom: C
Intro: G Am   F

```
C                       Am          F              C
Hope life's been good to you since you've been gone
C          Am       F           C
I'm doin' fine now I've finally moved on
      G                 F
It's not so bad, I'm not that sad
C           Am          F            C
I'm not surprised just how well I survived
   C        Am       F         C
I'm over the worst, and I feel so alive
   G                   F
I can't complain, I'm free again
```

Chorus 1:
```
     G          Am              F
And it only hurts when I'm breathing
G           Am            F
My heart only breaks when it's beating
G           Am          F
My dreams only die when I'm dreaming
C   G            F
So I hold my breath, to forget
```

```
D               Bm          G        D
Don't think I'm lyin' round cryin at night
        D           Bm        G        D
There's no need to worry, I'm really alright
       A                          G
I've never looked back, as a matter of fact
```

Chorus 2:
```
     A          Bm              G
And it only hurts when I'm breathing
A           Bm            G
My heart only breaks when it's beating
A           Bm          G
My dreams only die when I'm dreaming
D           A           G
So I hold my breath, to forget
```

```
E               B                      A
Mmm, no I've never looked back, as a matter fact
```

Chorus 3:
```
     B          Dbm             A
And it only hurts when I'm breathing
B           Dbm           A
My heart only breaks when it's beating
B           Dbm          A
My dreams only die when I'm dreaming
E           B            A
So I hold my breath, to forget
```

```
B   Dbm  A
        Hurts when I'm breathing
B   Dbm  A
        Breaks when it's beating
B   Dbm  A
        Die when I'm dreaming
E           A           E
It only hurts when I breathe
```
