Tom: G

G
As I sit here and think G
About all that You've done C
About how You gave me Your one and only Son D G
And I'm trying to fathom G
All that You are, but so far, Lord C D
You're so beyond me G
G I fall down in reverence G
And I fall down in fear C
And I'm asking You, Lord, won't You please draw near D G
Won't You open my eyes G
So that I can see C
The way that You are working in me? D G
G All I need is Your love C
To come and fill this heart of mine D G
My heart is a desert that has gone dry G C
And I need Your love to carry me by, by, by, by, by D C
To carry me by, by, by, by, by
G All I need is Your love C
D G

To come and fill this heart of mine G C
My heart is a desert that has gone dry D C
And I need Your love to carry me by, by, by, by, by
To carry me by, by, by, by, by
D G G C D
To carry me by
G And I lay down my life G
And I put it before You C
All that I am is in Your hands D G
And I'm not going to question, why You're so faithful G C
Why that You give me the blessing that You have D G
Let the glory be known, let the glory be shown G C
To lift You up unto the throne D G
You are my God, You are my King G C
To You I give, I give You everything D G
G All I need is Your love C
To come and fill this heart of mine D G
My heart is a desert that has gone dry G C
And I need Your love to carry me by, by, by, by, by D C
To carry me by, by, by, by, by
D G G C D
To carry me by
