

# Shawn Mendes - Act Like You Love Me

Tom: **Bb**

(com acordes na forma de  
Capotraste na 3ª casa  
Intro: 4x: **Em D G**

(**Em D G**)  
So you leave tomorrow  
Just sleep the night  
I promise I will, make things right  
I'll make you breakfast, the way you like  
Before you leave tomorrow  
Just let me try

Before you leave tomorrow  
Before you say goodbye  
Before you leave tomorrow  
Before you leave tomorrow

(F#m9- **Em D C G**)  
Stay here and lay here  
Right in my arms  
It's only a moment, before you're gone  
And I, am keeping you warm  
And act like you love me, so I can go on

And act like you love me, so I can go on

(**Em D G**)  
Just one more night  
Laying in bed  
Whether it's wrong or right  
Just gotta make sense of it  
And you'll be gone in the morning  
And you'll be over this  
Just one more night, so I can forget

(F#m9- **Em D C G**)  
Stay here and lay here  
Right in my arms  
It's only a moment, before you're gone  
And I, am keeping you warm  
And act like you love me, so I can go on  
And act like you love me, so I can go on

Stay here and lay here  
Right in my arms  
It's only a moment, before you're gone  
And I, am keeping you warm  
And act like you love me, so I can go on  
And act like you love me, so I can go on  
Just act like you love me, so I can go on
