C F C F C
Oh, you waited so long
C F C F C
Sometimes it's hard to stand out
C E Am F
But you don't have to do anything else
C F C
But be yourself
C F C F C
Oh, you dressed up so nice
C F C F C
But all I could see was your eyes
C E Am F
And the crowd came and pulled you away
C F C
And then you were gone
No, yeah
C E F C
And I don't even know your name
C E F C
All I remember is that smile on your face
C E F C
And it'll kill me everyday
C E F C
Cuz I don't even know your name
C F C F
Oh, everywhere that I go
C F C F
I see your face and it kills me to know

C E Am F
That you never know what you did to me
C F
And now you were gone
C F
Yeah, I can't stop thinking about you
C E F C
And I don't even know your name
C E F C
All I remember is that smile on your face
C E F C
And it'll kill me everyday
C E F C
Cuz I don't even know your name
C
I'm running, I'm searching
E
And I don't know where to start
Am
I'm dying my love
F
You punched a hole right through my heart
C
I won't stop, stop looking
E
'Till I hold you in my arms
Am
I'm running, I'm running
F
I'm running
C E F C
And I don't even know your name
C E F C
All I remember is that smile on your face
C E F C
And it'll kill me everyday
C E F C
Cuz I don't even know your name
