I want you close to me
 I want you close
 I want you closer
 But when you're here with me
 It's hard to tell just what you're after
 You say, you want all of me today
 But tomorrow's not the same
 My feelings never change
 What do you want from me?
 What do you want? Uh
 I need to know
 If this is mutual
 Before I go
 And get way too involved
 I want you bad
 Can you reciprocate?
 No, I don't want to have to leave
 But half of you's not enough for me
 This inconsistency
 What does it mean?
 You got me questioning
 The way you act and take it back
 Do I mean anything?
 Just tell me honestly

You say, you want all of me today
 But tomorrow's not the same
 My feelings never change
 What do you want from me?
 What do you want? Uh
 I need to know
 If this is mutual
 Before I go
 And get way too involved
 I want you bad
 Can you reciprocate?
 No, I don't want to have to leave
 But half of you's not enough for me
 Are you playing me
 Is this a game?
 When you show up late
 Say love at 2 am
 Then tell me you can't say
 Girl, yeah
 What do you want from me?
 Baby ohh
 I need to know
 If this is mutual
 Before I go
 And get way too involved
 I want you bad
 Can you reciprocate?
 No, I don't want to have to leave
 But half of you's not enough for me
