One of those nights, we're driving around  
In this boring ass town  
One of those nights

(2x)

Wanna hold on tight to a little of this  
The kinda night you don't want to miss  
Time of our lives,  
One of those nights

One of those nights we felt invincible  
And every glass was full,  
One of those nights  
One of those nights, dancing in the stars  
Thought that the world was ours,  
One of those nights

Wanna hold on tight to a little of this  
The kinda night you don't want to miss  
Time of our lives,  
One of those nights

One of those nights, where she turns those lights down  
And it's only us now,  
One of those nights
