(C G Am Em F)

C G Am
I'll pick you up at the same time
Em F
At the same place, the same old drive
C G Am
We'll just talk about our day
Em F
To try to fill the awkward space tonight
C G Am
We'll play the songs we used to love
Em F
While we try to fall in love again
C G Am
We don't know who's wrong or right
Em F
We don't even care enough to fight

Am Em F
We're going through the motions
C G Am Em F C
Cause we can't fix what's broken
G Am
And I know it's gonna hurt
F C
But darling I'll go first
Am E F C
Cause I won't keep on saying those three empty words
Am E F C
No, I won't keep on saying those three empty words

(C G Am Em F)

C G Am
We're still talking everyday
Em F
I'm running out of things to say to ya
C G Am
What's really gonna break my heart
Em F
Is to have to tell your little brother

C)

C G Am
It might be easier to stay
Em F
But it'll never be the same, no ohh no
C G Am
And if something doesn't change
Em F
Then we'll keep on sinking further
Am Em F
We're going through the motions
C G Am Em F C
Cause we can't fix what's broken
G Am
And I know it's gonna hurt
F C
But darling I'll go first
Am E F C
Cause I won't keep on saying those three empty words

C C
Those three empty words
C C7
Will only make it worse
F C G
I'm tired, I can't take it anymore
C C
Those three empty words
C C7
Will only make it worse
F C G
I'm tired, I can't take it anymore

Am Em F
We're going through the motions
C G Am Em F C
Cause we can't fix what's broken
G Am
And I know it's gonna hurt
F C
But darling I'll go first
Am E F C
Cause I won't keep on saying those three empty words
