

She & Him - Riding My Car

Tom: **G**

(intro 2x)

G Remember last summer when we had the chance
C To find each other, start making romance
G But it didn't come off because you found another
C Without one hand of a clock, what good is the other?

C And I can't find no true love, oh baby, it's so hard
C And I still think about you every time I'm riding in my car

G So I went to the place where everybody hangs out
C To see what everybody was talking about
G And over in a corner all alone with you
C Was a boy from last summer singing songs to you

C And he can't sing like I can sing, oh, it's so hard
C And I still think about you every time I'm riding in my car

Bm When I'm home alone
C I can think of other things to do
Bm But when I'm rolling in forward motion I think about only you

G It's been a year and a day since I talked to you
C I don't know how I made it, but I sure have been blue
G And every time I think about what might have been
C I jump in my car and start riding again

C And I can't find no true love, oh baby, it's so hard
C And I still think about you every time I'm riding in my car
