

Shelby Lynn Merry - When The Night Is Long (From Final Space)

Tom: D

(forma dos acordes no tom de Eb)

Afinação: Eb Ab Db Gb Bb Eb

Intro: Fm

If only I could fix the sky to meet me
If only I could fix my heart to meet at dawn
It's got a way of knowing when to hurt me
Oh, it's when the night is long

(Fm)

Backwoods lullabies feel like a ghostly touch
Roots spread all the way back to godless times
It's got a way of knowing when to haunt me
Oh, it's when the night is long

And there's a young one sitting at the top of the world
Counting down a clock that nobody sees
And it's got a way of knowing when to taunt me
It's singing

Oh-oh oh-oh-oh
Oh-oh oh-oh-oh

(Bb)

Earthquakes break and shatter the perfect design
Ripped realities of broken minds
Towers rise to meet, and yet it's laughing
Humming, "Oh, it won't be long"
Humming, "Oh, it won't be long"

And there's a young one sitting at the top of the world
Counting down a clock that nobody sees
And it's got a way of knowing when to taunt me
And it's got a way of knowing when to taunt me
And it's singing

Oh-oh oh-oh-oh
Oh-oh oh-oh-oh
Oh-oh oh-oh-oh
Oh-oh Oh-oh Oh
Oh-oh oh-oh-oh
Oh-oh oh-oh-oh
Oh-oh oh-oh-oh
Oh-oh oh-oh-oh
