Until the sun comes up over Santa Monica boulevard

I like a good beer buzz early in the morning
And Billy likes to peel the labels from his bottle of Bud
And shred them on the bar, then he lights every match in an
oversized pack
Letting each one burn down to his
Thick fingers before blowing and cursing them out

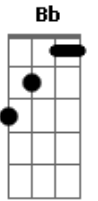

And he's watching the Buds as they spin on the floor,
A happy couple enters the bar dangerously close,
The bartender looks up from his want ads

Otherwise the bar is ours
The day and thee night and the car wash too
The matches and the Buds and the clean and dirty cars
The sun and the moon
