Sia - Bang My Head

Tom: C
Intro: Am G F F

Sia:
```
      Am          G
I was bound, was tired
              F
Hadn't seen a light so long
          Am       G
Thought I lost my fight
          F
Couldn't find my way back home
     Am       C          F
And I found the light stepping out of me
     Am          G
I was bound, and tired
             F          G
Waiting for daylight
```

Chorus:
```
C                         G
 Bang my head against the wall
                             Am
 Though I feel light headed, now I know I will not fall
 F
 I will rise above it all
C                         G
 Found what I was searching for

 Though I feel light headed
   Am
 I should have failed, and nailed the floor
        F
 Instead I rose above it all
F    G    Am   Em
 Ooooh, Ooooh,    Bang my head against the wall
F    G    Am          F (once)
