Am F
Money cannot buy

C E7
All the love that's here tonight

E7
All the love that's here tonight
Ouh-ouh

Am F
It's just you and I

C E7
So lift your hands toward the sky

E7
Lift your hands toward the sky
Ouh-ouh

Am
It seems like yesterday that I was nothin'

F
Then all of a sudden I'm a volcanic eruption

C E7
Then all of a sudden it's like spontaneous combustion

E7
And I'm all up in your face yellin': "Bitch, you can tell me nothin'."

Am
Cause I came from the bottom, now everybody's watchin'

F C
I said it was my time, now I'm who everybody's clockin'

C
And I'm just out here sprintin', I'm runnin' right through my vision

E7
I'm trying to outrun my past, but still trying to defeat my limits

Am F
Cause you only get one moment in this life to be great

F C
And you can give it your all despite what it takes

C E7
And you never let 'em kill you, you take everything they give you

E7
And throw it right fuckin' at 'em and tell 'em it doesn't build you

Am F
And no it don't ever break you, and no it can't overtake you

F
Life's like a bed of roses, you take the thorns and you make do

C E7
Sometimes you have to hurt for the cause to be reached

E7
But one day you'll be stronger than all that you beat
And you can say

Am F
Money cannot buy

C E7
All the love that's here tonight

E7
All the love that's here tonight
Ouh-ouh

Am F
It's just you and I

C E7
So lift your hands toward the sky

E7
Lift your hands toward the sky
Ouh-ouh

Am
I woke up one Sunday morning, stopped believing in Jesus

F
Stopped believing in churches, I stopped believing in preachers

C

I realized I was a teacher, not just one of the heathens

E7
I'm born to destroy the fallacies, start creating believers

Am
Start creating the leaders, tell 'em who they should follow

F
Nobody but themselves, especially if they hollow

C E7
Especially when they empty and death reserves for fulfillment

E7
You the only person alive who holds the key to your healin'

Am F
So you take it and you run with it

F C
And keep going even when your sun's hidden

C E7
Because the time we spent in darkness when the rain come

E7
Is where we often find the light soon as the pain's done

Am
There ain't no material things in the world
That can change the fact that you feel alone

F
Despite the fact that it gets hard,
You take it all and you still go

C
Take the sun and you still grow,
Lose the light and you still glow

E7
I been there, I'm still here and I know how you feel, so

Am F
Money cannot buy

C E7
All the love that's here tonight

E7
All the love that's here tonight
Ouh-ouh

Am F
It's just you and I

C E7
So lift your hands toward the sky

E7
Lift your hands toward the sky
Ouh-ouh

Am F
We don't wanna fight

C E7
So sing with me your battle cry

E7
Sing with me your battle cry
Ouh-ouh

Am F
Money cannot buy

C E7
All the love that's here tonight

E7
All the love that's here tonight
Ouh-ouh

Am F
Money cannot buy

C E7
All the love that's here tonight

E7
All the love that's here tonight
Ouh-ouh

Am
It's hard to explain my way of living to people who never lived it

F
A minute in my position filled with my opposition

C E7
That anybody not different fighting to stay the same

E7
I got lives in my hands and I'm fighting to make 'em change

Am
Couldn't accept responsibility, find somebody to blame

F C
The emotions that I'm harboring 'bout to drive me insane

C E7
Tried to say fuck everything, but I ain't have a heart to

E7
Rarely had a heart to do a lot of things I ought to

Am
So now I spit it for people who say their cords missing

F
Inspire life into anybody that's forfeiting

C
Cause it's easy to keep pretending that there's nothing wrong

E7
But it's harder to keep your head up and be fucking strong

Am
So, now they're telling me, "Go, Haze, they can't stop you.

F
Heavyweight flow, if they can't lift you then they can't drop you

C
The pinnacle, if they can't reach you then they can't top you

E7
Man, they can't do anything that you're about to."
