Intro:

[Verse 1]
E                                                         Dbm
   I've fallen through the floor again, crashed into the
basement
        Abm         B
Your pain was swallowing me
E                                           Dbm
I was like a leper when I couldn't even get up towards
             Abm         B
The lights from the door was swallowing me

[Pre-Chorus]
E                                 Dbm
Lord knows you can't trust your head
                              Abm
When you're standing on the edge
        B
I'm breaking down
E                                 Dbm
Lord knows you can't trust your head
                            Abm
When you're hanging by a thread
        B
I was breaking down

[Chorus]
           E                          Dbm
And I saw only two footprints in the sand
                                Abm
Thought you'd abandoned me and
        B
Let go of my hand
E                          Dbm
   But you were carrying me
             Abm
Carrying me to safety
        B                                 E
Two footprints, your footprints in the sand
                  Dbm                             Abm
Two footprints, two footprints, your footprints in the sand
        B
Two footprints, your footprints in the sand

[Verse 2]
E                                               Dbm
   Oh what if I had got the things I knew it was I
                           Abm
Who would have abandoned you
```

```
                              B
Forgive me, I was lost and found
E
   Who would never've left my side
                              Dbm
Pick me up when I thought that I would die
     Abm            B
You helped me and I was fine

[Pre-Chorus]
E                                 Dbm
Lord knows you can't trust your head
                              Abm
When you're standing on the edge
        B
I'm breaking down
E                                 Dbm
Lord knows you can't trust your head
                            Abm
When you're hanging by a thread
        B
I'm breaking down

[Chorus]
           E                          Dbm
And I saw only two footprints in the sand
                                Abm
Thought you'd abandoned me and
        B
Let go of my hand
E                          Dbm
   But you were carrying me
             Abm
Carrying me to safety
        B                                 E
Two footprints, your footprints in the sand
                          Dbm
Only two footprints in the sand
                                Abm
Thought you'd abandoned me and
        B
Let go of my hand
E                          Dbm
   But you were carrying me
             Abm
Carrying me to safety
        B                                 E
Two footprints, your footprints in the sand
                  Dbm                             Abm
Two footprints, two footprints, your footprints in the sand
        B
Two footprints, your footprints in the sand
```
