

Sia - Opportunity

Tom: E

(com acordes na forma de Capotraste na 1ª casa D#)
Intro: Eb Fm Gm Bb

Verse 1

Under the glow of the very bright lights
I turn my face towards the warm night sky
And I-I-I am not afraid of a thousand eyes
When they're above five hundred smiles

Pre-Chorus 1

Oh I used to think (she used to think)
What wouldn't I give (what wouldn't she give)
For a moment like this?
This moment, this gi-ii-ft

Chorus 1

Oh, now look at me
And this opportunity
It's standing right in front of me
But one thing I know
It's only part luck and so
I'm putting on my best show
Under the spotlight
The start of my life
Big dreams becoming real tonight
So look at me
And this opportunity
You're witnessing my moment, you see?

Interlude

Eb Fm Gm Bb

Verse 2

Now I find myself here, and it's time
Yes this is real, and it's a gold-mine
I'm not afraid to fly
When it's above five hundred smiles

Pre-Chorus 2

Oh I used to think (she used to think)
What wouldn't I give (what wouldn't she give)
For a moment like this?
This moment, this gi-ii-ft

Chorus 2

Oh, now look at me
And this opportunity
It's standing right in front of me
But one thing I know
It's only part luck and so
I'm putting on my best show
Under the spotlight
The start of my life
Big dreams becoming real tonight
So look at me
And this opportunity
You're witnessing my moment

Outro

I won't waste it
