

Sia - Straight For The Knife

Tom: **E**

B **Gbm** **E**
Put on my best dress, I wanted to impress
I put a little make-up on
B **Gbm** **E**
Put a bow in my hair, wore pretty underwear
Hoping you might take it off
B **Gbm**
Don't know your etiquette but
E
I'm strapped to my chair, and it ain't 'cos you're pretty
B **Gbm**
You were charming, until
E
You saw your chance to kill, your chance to make history

Refrão:

Dbm **E** **B**
You went straight for the knife, and I prepared to die
E
Your blade it shines
Dbm **E** **B**
Looked me straight in the eye, you turned the gas on high
E
Held the flame alight,
Abm
You wonder why
Caad
I'm scared of fire
Dbm **B** **E**
You wonder why you make girls cry

B **Gbm** **E**
My mascara a mess, harsh words for your princess
Boy, you and your promises
B **Gbm** **E**
If your goal was to love, you scored an epic miss
Now you'll just have memories

Dbm **Abm** **E**
Boy, you draw me back in
Dbm **Abm** **E**
I'm hungry for your bad loving
Dbm **Abm** **Em**
But will someone find me swinging from the rafters
Dbm **Abm** **E**
From hanging on your every word
