Em  
Hello,  
My name is Mr Fear

You know  
I'll never disappear  
Em  
Now get me out of here  
D  
Just trust in me my dear  
Em  
No cure is coming near

[Segunda Parte]

Em  
How long  
You'll call me insincere  
Em D  
I'm not here to fulfill your parody  
Em  
How come  
My song becomes unreal  
Em D  
You never understand my melodies

[Refrão]

You know  
I'll never disappear

Now get us out of here

Why can't I be in here  
( G D Em )

And I just can try to face

The dark inside my head  
( Em D Em D )
