

# Siamés - Mr Fear

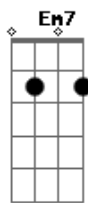

tom:  
Hello  
My name is Mr Fear  
I wish I had a faster therapy  
I've come  
To mind control your needs  
Tonight I'm gonna star all of your leads  
[Refrão 1]  
You know  
I'll never disappear  
Now get me out of here  
Just trust in me my dear  
No cure is coming near  
[Segunda Parte]  
How long  
You'll call me insincere  
I'm not here to fulfill your parody  
How come  
My song becomes unreal  
You never understand my melodies  
[Refrão 2]  
You know  
I'll never disappear  
Now get me out of here  
Just trust in me my dear

No cure is coming near  
I'll never disappear  
Now get us out of here  
Don't fight with me my dear  
Why can't I be in here  
[Instrumental 1]  
[Ponte]  
Cause you make me feel  
Like I'm so alone  
I know is not real  
But is in my soul  
And I just can try to face  
The dark inside my head  
[Instrumental 2]  
[Refrão 3]  
You know  
I'll never disappear  
Now get me out of here  
Just trust in me my dear  
No cure is coming you know  
I'll never disappear  
Now get us out of here  
Don't trust in me my dear  
What cure is coming near
