

# Sid Ferreira - After Sunrise

tom:

Intro: Em A7 Bb Bm Bm

I just knew it was love at first sight and I need to say  
Since the first smile in a little while you just drove me crazy  
Never had a doubt, never second thoughts

Staring at the stars  
I lost my mind beyond the sky  
The moon was there to shine, a source of light  
As you are here in my heart

How could I deny? Could I feel and hide? Could I find a way?  
When you held me tight one more reason why I felt so amazing  
For the first time on that second when you smiled

Floating among the stars  
I lost my mind beyond the sky  
The moon was there to shine, a source of light  
As you are here in my heart

Although you were so kind, I was terrified

Of our uncertain fate, always just friends  
Maybe one night stand and never see again  
Or a fairy tale

Wish I could rely on this thought you will be mine  
As if moonlight after sunrise  
There'll come a time when you are back to my arms  
After our first goodbye

Reflecting on that night  
I lost my mind beyond the sky  
The moon was there to shine, a source of light  
As you are here in my heart

Although try as I might  
Not lost my mind beyond the sky  
The moon was there to shine, a source of light  
As you are here in my heart

In my heart? In my heart  
In my heart? In my heart
