

Sid Ferreira - Ukulele Boy

tom: G

Even knowing you're not a love keeper
 Just a one night stand kind
 Since you sang to me, so cute sang "Moon River"
 Could not keep you out of my mind

I should never fall in love with you
 Ukulele boy
 Sharing tea, listening good music
 Staying with you in that messy room
 And really enjoying

There is something you have
 That attracts me so much
 Who knows, your ukulele
 Who knows, your soft touch

It makes me thinking about you
 Even distance of thousand miles
 Who knows you will understand
 Who knows your nice smile

I should have just stayed cool
