```
tom:
                Ab (forma dos acordes no tom de G )
Capostraste na 1º casa
Intro: C Am D Em
[Primeira Parte]
                Am
I saw you from across the room
Looking shaky, concentrating
                Am
Missing all your social cues
And from that moment in the quiet
    Am
I decided
                      D
It?s me and you, it?s us against the world
[Refrão]
    Go on, move like a jellyfish
   I?m into it even if it ain't deliberate
    If you go dancing, I'll go dancing too
  We're just two kids in a crowded room
   Chemistry in awkward deliveries
   Just me and you, and all our insecurities
    If you go dancing, I'll go dancing too
```

```
[Interludio] C Am D Em
[Segunda Parte]
                \mathsf{Am}
Feel the beat is kicking in
         Em
And don?t worry if you miss it
Move your feet and take it in
Let the music do the talking
'Til the morning
You know it's me and you
    Em
It?s us against the world
[Refrão]
 Go on, move like a jellyfish
 I?m into it even if it ain't deliberate
 If you go dancing, I'll go dancing too
 We're just two kids in a crowded room
 Chemistry in awkward deliveries
 Just me and you, and all our insecurities
 If you go dancing, I'll go dancing too
 If you?re a loser, then I?m just like you
