Capostrate na 1ª casa
Intro: C Am D Em

[Primeira Parte]

I saw you from across the room
Looking shaky, concentrating
Missing all your social cues
And from that moment in the quiet
I decided
It's me and you, it's us against the world

[Refrão]

Go on, move like a jellyfish
I'm into it even if it ain't deliberate
If you go dancing, I'll go dancing too
We're just two kids in a crowded room
Chemistry in awkward deliveries
Just me and you, and all our insecurities
If you go dancing, I'll go dancing too
If you're a loser, then I'm just like you

[Interludio] C Am D Em

[Segunda Parte]

Feel the beat is kicking in
And don't worry if you miss it
Move your feet and take it in
Let the music do the talking
'Til the morning
You know it's me and you
It's us against the world

[Refrão]

Go on, move like a jellyfish
I'm into it even if it ain't deliberate
If you go dancing, I'll go dancing too
We're just two kids in a crowded room
Chemistry in awkward deliveries
Just me and you, and all our insecurities
If you go dancing, I'll go dancing too
If you're a loser, then I'm just like you
