Tom: **F** just 2 or 3 hand positions.  
Enjoy, tell me what you think.

a pretty big name band from iceland, amazed no one has tabbed anything else  
http:// is their homepage  
Author:TransientBlur Riff 1  
Email: Transient**B** Riff 2  
Tuning:Standard EADGBe Riff 3

Notes: I tabbed this from a video of them playing the song live on the Kilborn show. I think I got the video from their website  
if you want to check the tabbing. This song is played with massive amounts of reverb. Be sure to hit each note carefully or you will be stuck with an off note for quite a while.  
Avoid moving your hands around, Riff 3 should be played in Chords  
Played with a bow, he plays other chords too.
