

# Silverchair - Do You Feel The Same

Tom: **C**

Do You Feel The Same

Standard tuning.

[0:00] Verse

Moon covered determined  
To find  
To find my place of hiding  
Try to detach  
Try to decrease  
To make it easier (on me)  
Despise myself for what you've done  
Sent me back into my world  
Hold yourself  
Cause no-one will  
I'll make it easier

[0:31] Prechorus

Now I have managed to be the one

To be the victim without the gun

[0:46] Chorus

Do you feel the same anyway  
Now you've come  
Do you feel the same anyway  
Now you've come

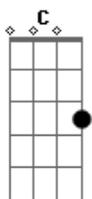

[1:01] Verse

Stay alert cause I'm obsessed  
Surely I can't be depressed  
Could I be read if I was see-through  
Or would you just read my spine

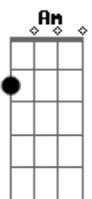

[1:31] Prechorus

Now I have managed to be the one
