

Silvestre Kuhlmann - Estrela Cadente

tom: G

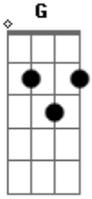

Estre la cadente, condescendente
 Com seu poeta admira- dor
 Abriu a porta da moradia
 E um simples súdito da monarquia

Foi tratado tal qual imperador
 Pobre poeta desajeitado
 Como portar-se em tal reinado?
 Meu alaúde pouca virtude tem
 Fadado estava a sentir-me aquém
 Ah! Me fizeste sentir-me alguém
