

# Silvestre Kuhlmann - O Vento

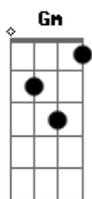

tom:  
 G  
 O vento sopra. o vento não se cansa  
 De agitar a folhagem do arvoredado  
 Ele desfaz a mágoa, afasta o medo  
 E semeia sementes de esperança  
 O vento sopra como brisa mansa  
 Para acordar meu coração bem cedo

É portador de um último segredo  
 Escondido nas voltas de sua dança  
 Preciso aproveitar este momento  
 E abandonar-me ao sopro desse vento  
 Sem muros, sem barreiras e sem véus  
 E, assim como o barqueiro solta as velas  
 Eu abro ao vento as portas e janelas  
 E deixo que me arraste para os céus
