Every single one of us

                                                                        Needs someone to say
                  Am (forma dos acordes no tom de Bm )
                               Afinação: D G C F A D
                                                                        You are who I've waited for
             Bm
                                                                        We are both the same
Every single one of us
Needs someone to say
                                                                        Our paths set to cross
You are who I've waited for
                                                                        We found and at last
                Em
We are both the same
                                                                        And all the stars in

Our paths set to cross
We found and at last
                                                                        We're losing control
And all the stars in
                                                                        We stay young when we're old
