                    D
When my love said to me
       C  G              D
Meet me down by the gallow tree
       C        G  D
For it's sad news I bring
           G7sus4    G              D
About this old town and all that it's offering
       Cadd9       G D
Some say troubles abound
       Cadd9                  G              D
Some day soon they're gonna pull the old town down

                 G     D
One day we'll return here
          C      G         D
When the belfast child sings again

( C  G  D )

                       D
Brothers sisters where are you now
     Cadd9          G            D
As I look for you right through the crowd
     Cadd9        G     D
All my life here I've spent
     G7sus4          G                D
With my faith in God the church and the government
            Cadd9       G D
But there's sadness abound
       Cadd9                  G              D
Some day soon they're gonna pull the old town down

Some come back billy, won't you come on home

Come back mary, you've been away so long

The streets are empty, and your mother's gone

The girls are crying, it's been oh so long
            Cadd9      G        D
And your father's calling, come on home
              Cadd9     G                   D
Won't you come on home, won't you come on home

             Cadd9  G                   D
Come back people, you've been gone a while
           Cadd9      G                  D
And the war is raging, in the emerald isle
           Cadd9          G                    D
That's flesh and blood man, that's flesh and blood
           Cadd9      G                  D
All the girls are crying but all's not lost
           Cadd9      G                  D
The streets are empty, the streets are cold
              Cadd9     G                   D
Won't you come on home, won't you come on home
